STEP 4:

We will forward a simple relocation agreement for you to sign, scan and email back to us; plus payment details

STEP 5:

Complete payment, incl sending proof if necessary, and we will get the container to you

PURCHASE

SEA Containers specialise in the supply of both new and used shipping containers for sale ranging in sizes from 8' to 40' in length. In addition to the standard shipping container, we can offer the right solution for your storage issues and export projects, including specialist equipment such as flatracks, opentops and side opening containers.

We have container depots strategically positioned nationwide and have a transport network system that can help deliver the right container to you.

HIRE

We have an array of options available including both short and long-term leasing plans, and can supply all sizes of containers across our nationwide network of depots, from as little as \$3.00+GST per day plus associated transport charges.

At SEA Containers we can provide delivery generally within 24-48 hours (subject to payment and/or lease paperwork being completed) within the central metropolitan areas, while rural areas potentially could take a little longer.

MODIFY

At SEA Containers we partner with a dedicated team who specialise in modifying and customising containers. With our combined talents we have extensive engineering and fabrication experience that enables us to offer an almost endless range of shipping container solutions and container modifications.

We can customise containers with simple additions such as:

- Roller doors for easy and regular access
- Personal access doors
- Windows and shutters
- Steel workbenches and shelving built to your spec
- Whirly birds / container ventilation systems
- Power capability including lighting and power points
- Lock boxes installed on container doors for added security
- Ramps for forklifts / trolleys

RELOCATE

If you are moving house and prefer to pack your goods in a shipping container, then speak to our team about the options. SEA Containers can offer shipping containers for both lease and sale to assist you in moving from A to B within New Zealand, the Pacific Islands and beyond.

We have a range of options available including purchase of the shipping container, or one way leases such as when moving between Christchurch and Auckland, or Auckland to the Bay of Plenty as examples.

We have an extensive transport network and move containers between A and B, by utilising road, sea and rail in order to get you the most cost effective rates.

If you also own your own container and require an experienced team in moving the container to another destination, our team can assist.

VERY IMPORTANT CONTAINER DELIVERY REQUIREMENTS WHEN ORDERING

- 📦 Confirm the date you require delivery
- 📦 Confirm the site contact including phone number, if someone is required on site during delivery
- 📦 Confirm the type of truck required – swinglift or HIAB truck
- 📦 Mark out the delivery site for correct container placement if no one is on site during delivery
- 📦 Confirm the direction of the container doors on the truck when loading at our depot
- 📦 Notify us of any obstacles on your site(s) we need to know about when off-loading the container ie. Power lines above; trees; fences; wet ground or grass areas the truck needs to drive on

SPECIALISTS

We specialise in shipping container sales, hire and modifications. We offer an extensive range of units of all sizes, including both new and used ones.

KNOWLEDGE & EXPERIENCE

Our team has a wealth of knowledge and experience, and we can convert and modify these into any requirement you have. If you require workshops, dangerous goods containers, retail units and pop-up stores, or help in converting your sleep-out, we have a dedicated workshop that can complete your project on time and on budget.

VERSATILE

Whether you are a business owner looking for additional storage; a farmer requiring dry storage for your machinery or hay; families downsizing your house and needing to store your personal possessions; or are wanting to export a container to the Pacific Islands - we are the team to contact.

STRATEGICALLY POSITIONED

Our range of containers are strategically positioned nationwide, so we can quickly offer you the best solution for your storage requirements. We have units stored at depots in Kaitaia, Waipapa, Whangarei, Ruakaka, Auckland, Bombay, Tauranga, Napier, New Plymouth, Wellington, Nelson, Christchurch, Queenstown, Dunedin and Invercargill.

STRONG REPUTATION

We have built up a strong reputation amongst our clients to supply the right container for the right price in the right area. If you require a range of specialised equipment for project work, we have the energy and the right staff to source all of your requirements.
